Automotive test probe kit

Image not available forColor: To view this video download Flash Player Image not available forColor: To view this video download Flash Player Image not available forColor: To view this video download Flash Player Image not available forColor: To view this video download Flash Player Features:The banana plug to alligator clip test lead is made of Copper alloy material; Wire Length: 3.3ft; Rated Current: 5A; Banana Plug: 4mm.The back probe test kit is made of quality Stainless steel + PVC;The probe needles are soild and durable, will not easy to be broken or rust;And each probe comes with a clear rubber cap to protect the tip and the person handling it.The functional back probe pins not only have 3 different configurations of angles(straight, right angle, 35 degree) to allow access to difficult areas,it also very sharp and slim, and multiple colors makes troubleshooting a breaze.Excellent back-probing kit can not only be used for car, automotive, vehicle electrical testing, diagnostics and irreplaceable troubleshooting,but also can be used in physics laboratories, schools, homes and industries.Can be Used with your multimeter to back probe harness connectors, fuel injectors and automotive sensors,and will not damage connectors or wires when used correctly.It's really an essential tool set to any mechanic, technician for automotive electrical work;It's also a perfect accessory for your volt/ohm meter.And should be in everyones tool box.Wire piercing probes can be easily connected with the 4mm banana plug test leads.Perfect for wire piercing, and no need to strip off the cables and no damage to the cables.Parameters:Banana Plug Rated Current: 5ABanana Plug Length: 4.9ftBanana Plug Size: 4MMCable Material: Copper Alloy + PVCBack Probe Material: Stainless Steel + PVCWire Piercing Probe Material: Stainless Steel + PVCWire Piercing Probe Voltage: 30VApplications: Automotive electrical testing, diagnostic, troubleshootingPackage:5 x Banana plug to Alligator Clip Leads5 x Wire Piercing Probes5 x Alligator Clips15 x Back Probe Pins 6 Pc test Probe Kit appropriate for automotive, heavy-duty, marine, equipment, small engines, etc. Quality probes will provide trustworthy readings Great starter kit, connects to DMM'S, digital scopes, and most other test equipment Includes standard 4mm banana plug test leads (#142-1), which connect with most test adapters - all brands Max test current 10 Amps Includes: #142-1, #142-4, #142-6, and Storage Case Model#:Fluke TLK282Part#:2150744UPC#:0 95969 26151 7Everything you can find in the TLK281 Automotive Test Lead Kit, plus a few extras. Use the back probe pins to slide into weather pack connectors on fuel injectors, TPS and MAP sensors. A hook probe with plunger actuation allows quick connection to pins or exposed conductors.TLK281 Test Lead/Case Kit\$625.99\$373.99\$54.99Everything you can find in the TLK281 Automotive Test Lead Kit, plus a few extras. Use the back probe pins to slide into weather pack connectors on fuel injectors, TPS and MAP sensors. A hook probe with plunger actuation allows quick connection to pins or exposed conductors.SureGrip™ Deluxe Automotive Test Lead KitPart#: 2150744UPC#: 0 95969 26151 7Kit contains:TP81 Insulation Piercing Clip SetTP40 Automotive Back Probe Pins (five)TL224 Suregrip™ Silicone Test Lead SetTP220 Suregrip™ Test Probe SetAC220 Suregrip™ Alligator Clip SetAC285 Suregrip™ Large Jaw Alligator Clip SetAC280 Suregrip™ Hook Clip SetSoft CasePlease enable cookies to view product reviews. We manufacturer all our automotive and industrial test leads in our facility in El Cajon, California. Our test leads are made with quality materials in a variety of styles no matter what type of automotive or industrial testing you are performing. These test leads include features like soft silicone leads, gold plated contacts for optimum electrical performance and more. Made in USA-Probe Master If you have any questions about our automotive or industrial test leads please feel free to contact us and we will be happy to answer all your questions and ensure you find the best lead to meet your needs.
